Range Commands

At start of match / stage:

With 6 rounds, load and make ready.

Are you ready?

If anyone calls ***Not ready!*** then respond

Not ready called. (Resolve problem, call ***Are you ready?*** again)

Stand by. (Targets turn away)

At end of match / stage:

Unload and show clear.

Reloading

The gun must be empty and open when moving between positions – reloading must take place in the new position. This does *not* include movement between shoulders / hands while standing.

All rounds for the event must be carried on the shooter's person.

Revolvers

Revolvers may be fired single or double action at 50m, but must only be fired double action at all other distances.

Foot faults

All shooting must take place behind the foot fault line. When using barricades for standing support, LB shooters must remain to the right or left, as appropriate, of the barricade foot fault line. The barricade foot fault line is not used in the kneeling position.
